

Subscribers

The National Forum includes 48 State Representative Subscribers that are all working towards ensuring a robust, diverse and well-prepared workforce. The National Forum also has over a 100 Associate Subscribers.

Location or Setting

State Subscribers are located within a number of settings including as their own stand-alone center, within state associations or agencies and within a college or university.

Top Five Funding Sources

State Subscriber funding comes from many sources including nurse licensure fees, grants, services provided and legislatively appropriated funds. Several centers are embedded in other organizations and their funding is provided by the parent organization.
